

PL280N

600V Compact Digital Multimeter

600V Manual Ranging Multimeter c/w Backlit Display

The PL280N is a hand held compact Digital Multimeter, enclosed in a double moulded, rugged enclosure making it a versatile instrument suitable for the most demanding application.

The PL280N measures up to 600V, AC/DC voltage, 10A Current, 2000k Ω Resistance, Audible Continuity and a backlit display.

Features

- Voltage range up to 600V AC DC
- Backlit display
- Durable double moulded design
- Compact and easy to use
- Fully compliant with shrouded GS38 probe tips
- Data Hold
- Manufactured to IEC61010-1 CAT III 600V

Specifications

Measurement	
AC Voltage	0.1V - 600V AC
DC Voltage	0.1mV 600V DC
DC Current	1 μ A - 10A DC
Resistance	0.1 Ω - 2000k Ω
Continuity	Audible less than 30 Ω
Battery Test	9V (6mA) 1.5V (100mA)
Diode test	1 mA typical 2.8V DC
Other Information	
Power supply	1 x 9 V PP3 alkaline battery (supplied)
Dimensions	138 x 68 x 37 mm
Weight	210g

All Di-log Multimeters
supported by a
2 Year Warranty
